UNITED STATES GOVERNMENT

TO : Mr. Richard M. Bissell, Jr.

DATE: 28 June 1957

FROM : James Q. Reber

SUBJECT: TCS-1642-57

I recommend that you sign the attached memorandum which I believe will properly set the stage for carrying out your wishes as expressed in our discussion this morning. In the course of pursuing this subject, I believe that I will obtain the kind of information which will enable me to deal more effectively with problems which arise from time to time between Operations and HTAUTOMAT with regard to Eastman processing.

Upon your issuance of the attached memorandum, or as you might wish to revise it, I would expect to bring together the principals noted in the memorandum and to develop with them a systematic approach to obtaining the answers to the questions.
